MODERN TOWNHOME LIVING

A young child with brown hair, wearing a grey t-shirt, patterned shorts, orange socks, and grey sneakers, is captured mid-jump over a series of tree stumps in a lush green forest. The child is holding a clear water bottle in their right hand. The background is filled with dense green foliage and tall trees, creating a vibrant and natural setting.

Blaze your own trail

A collection of townhomes nestled within the bounds of nature, Park District is all about changing your perspective – and it's changing Pickering. Watch your kids run barefoot through the grass. Spend an afternoon on the trail. It's time to get in touch with what truly matters.

Explore your environment

Pickering is a vibrant city, thriving and growing as a new metropolis. But the secret lies just north of Finch Avenue – an endless expanse of deep forests, golden fields, and babbling streams. Duffin's Creek winds through your backyard. The Valley Farm ravine beckons. This is the core of Park District, returning to a simpler way of living through a remarkable array of conservation areas and well-maintained parks, ready to be explored.

THIS IS PARK DISTRICT

Make sure to hold hands as you take a walk to the heart of your neighbourhood. A beautiful park reimagines the traditional playground in favour of wood, grassy lawns, and shady trees. Here is where both friendships and imaginations will grow, sprouting from the grass as your children run barefoot through the park, just steps from home.

THE WAY IT WAS MEANT TO BE

Walking is at the heart of everything that makes Park District so special. Wander down the sidewalk after dinner, hand-in-hand. Take your pup for a jaunt after breakfast. Experience every day the way you've always wanted to. Stroll the quiet, tree-lined streets. Admire the stylish modern architecture as you pass by. Life is better when you walk your own path.

MODERN DESIGN MADE BETTER

It's the best of modern design. Bold lines, distinctive style, and sleek modern metal accents to draw the eye. Here at Park District, contemporary brick and stone exteriors are built to harmonize with the iconic natural landscape through careful use of colour and material. The balance of modern and natural elevates both aspects of design – because everything is better together.

A woman with long dark hair, wearing a grey sleeveless top and blue jeans, is laughing and dancing with a young girl. The girl has long dark hair with a gold headband, wearing a light blue sleeveless top and dark blue jeans. They are in a modern kitchen with white cabinetry and a light wood floor. A white countertop is visible on the left with a glass and a bottle. The background shows more kitchen cabinets and a doorway.

Elegant interiors

Every aspect carefully considered. Every element crafted to perfection. Park District combines quality and style to create stunning modern interiors suited to the highest of standards.

Protecting what matters most

We believe in the importance of sustainability. At ICON, we are committed to building homes that help to protect the planet with our Sustainability Initiatives. This includes building Green features into our homes, using sustainable practices in our building program, and choosing environmentally-friendly products wherever possible. Today, we are proud to say that the energy performance of our homes noticeably exceeds the Building Code and we are committed to continue to grow and become leaders in sustainable home building.

OUR SUSTAINABILITY INITIATIVES

-  ECO-FRIENDLY FAUCETS
-  CONCERTED EFFORT TO MINIMIZE AND REDUCE WASTE
-  RECYCLED, RENEWABLE AND/OR LOCALLY SOURCED BUILDING MATERIALS USED WHENEVER POSSIBLE
-  SMARTER HOME WATER LEAK SENSORS KEEP HOMES SAFE FROM DAMAGE
-  SELECT SYSTEMS THAT PROVIDE BETTER AIR QUALITY
-  ENERGY STAR CERTIFIED FURNACES AND AC UNITS
-  SMART HOME THERMOSTATS IN EVERY HOME
-  LED LIGHT BULBS

Because we *Care*

I | C | A | R | E

ICON Homes is dedicated to providing the highest-quality customer care, which lasts long past your closing date. We recognize that our reputation is built on happy homeowners and strive to provide consistent, reliable service to all ICON homeowners.

COMMITTED TO COMMUNICATION

Each homebuyer receives a dedicated ICON Ambassador to create a strong buyer-builder relationship and ensure that homeowners have a voice throughout the construction process. For maximum transparency and communication, purchasers will receive a variety of appointments throughout the process, including two separate Decor appointments, a Framework, and more to ensure that every step is clearly understood.

REGULARLY SCHEDULED INSPECTIONS

Throughout the construction process, we implement a series of rigorous inspections, tests, and surveys to ensure that every element of your new home meets and exceeds Ontario Building Codes, and to assess the level of service and satisfaction our homeowners are experiencing. Not only does this make sure your new home is constructed to the highest of standards, but also that we are always reaching new levels of customer care. These inspections include Pre-Delivery, Closing, and regular Follow-Ups for 12 months after possession.

QUALITY ASSURANCE PROGRAM

By implementing a Quality Assurance Inspection during the construction process, we touch base with our Trade Partners and achieve many things. Firstly, we identify expectations and trends with our partners, and promote job satisfaction with our tradesmen. Secondly, this assessment proactively discovers any deficiencies that can be addressed early, which raises customer satisfaction and reduces the need for after sales service. Finally, as a thorough check-in, our Quality Assurance Inspection is a service that sets us above other developers, and enhances the quality in every home.

ICON Homes builds *Value*

ICON Homes is committed to Pickering, and you can see the results in neighbourhood after neighbourhood. We know buying a home is not a decision you make every day. It's a unique opportunity filled with exciting and important decisions. That's why, for over 30 years, we have made it our mission to create a customer-first approach to building homes—ones that aren't just beautifully made, but that have true value to their owners.

Today, with Park District, Icon Homes continues to connect families to the environment in distinctive communities designed to meet the unique needs of each homeowner.

As part of our excellent after-sales ICARE program, homeowners will have a chance to visit our Decor Studio, with one of our expert designers to help you discover what inspires you. Park District is a place to show off your creative side, and ICON makes it easy.

Find your own path

It's time to step off the trail. Park District is a place to get in touch with the things that truly matter. Break expectations. Be bolder. Follow your inspiration. Explore your environment. Discover a better way of living, and live the way you've always wanted to. Delve into a world of natural beauty and urban connection, where your family can grow as tall as the trees. Put down roots in Pickering, and come home to Park District.
